

# Visual Assessment Training

Cranford Community Center  
Community Room  
220 Walnut Ave  
Cranford, NJ

10AM  
to 1PM

## Join the RRWA Stream Team!

Get involved in your community by monitoring water quality in the Rahway River. This workshop will teach you streamside techniques for visual assessments.

We will start in the classroom then go out to the river for field work and practice what we've learned!

Training will be given by AmeriCorps NJ Watershed Ambassador Jennifer Helminski & Katie Harrison from NJDEP

### Registration Required

- Wear waterproof shoes or sneakers
- Stream Team members must be 15 or older

Call Clea Carchia  
at 908-892-7229
