Artwork can be inspired by rivers, lakes and other bodies of water, rain, waterfalls, the ocean, nature, local habitat, and native wildlife.

Mythical Creatures

As an alternative, artwork can include mythical water creatures like the Loch Ness monster, Kraken, mermaids, sea monsters, water sprites and fairies, cryptozoology beasts, and river and ocean deities.

We are currently seeking: sculpture, painting, drawing, photography, prints, and mixed media, sound, performance, music, spoken word, projected, and installation (indoor and out).
