Assessments
Macroinvertebrate
Identification

Friday Sept. 18
6:30-7:30pm (Virtual)

Intro to Field Experience
Prep for In-Person Stream
Day

Sunday Sept. 20
9:30am-4:30pm (Stream Side)
Stream Day at South
Mountain Reservation

Get involved in your community. Monitor water quality in local rivers and lakes. This intensive workshop will introduce volunteers to water quality monitoring in the Rahway River Watershed. Learn streamside techniques for visual and biological assessments including the identification of benthic macroinvertebrates. Join the Rahway River Watershed Association Stream Team and become part of a community-based monitoring program.
