### Hands-on Volunteer

We are looking for people with special skills such as carpentry, construction and painting, as well as anyone willing to put in a few hours a week on projects for Rahway RiverFest this summer. You will need to be available in July and August. Timing is flexible, although we will be working on some projects that will require us to get together as a group.

### Artist Volunteer

Rahway RiverFest will offer a community arts program this summer and are looking for artists to help design the pieces and then lead a group of community volunteers to bring the ideas to fruition. We will also be looking for the community volunteers to work with the artists on the projects. Finished pieces will be on display during RiverFest, so they will need to be completed by Sunday August 14. Volunteers will need to be available to work with your group on a weekly basis.

### Festival Volunteer

During festival week, August 21 to August 28, we will need help running the festival, including signing in attendees, manning food or drink stations and attending to people's needs. Festival volunteers will need to be available during this time. There will be many opportunities throughout the week to help out. You can offer as much or as little time as you have available.
